## 2016 SWD Fall Convention

### The Southwestern District of the Barbershop Harmony Society

**Quartet Event Photography Package:** Quartet semi-finals on Friday. Formal shots of quartets will be done off stage after they perform their contest set. An **event photography package** consists of: 4ea (one for each member) 8x10 prints of the formal posed image plus a CD of their images generously photographed with a 2<sup>nd</sup> photographer during their performance. All image files are in 8x10 size at printable quality with a copyright lease so they can print themselves and use in any means of electric publishing to promote themselves. Candid shots of the Quartet Finals and The Show of Champions (if they are on stage) will be added to their CD. The master CD will be mailed along with the 4 prints to designated Quartet contact. Please order online or have a check or credit card ready at photography time.

**Quartet Event Photography Package: \$60 + 4.95 sales tax = \$64.95**

If you pay on line just print out the order form as your receipt and bring to check in. We will also have a record.

We will be able to take your payment and order form at your session time. To go smoothly **Quartets** need to be prepared to order when they pose for their formal Portraits Friday night.

This is a great opportunity to use our event photography special pricing to promote yourself. You will be able to use your generous photographed performance on your CD covers, web presence or any of the social media sites.

Because all the performances will be ordering their respective packages that allows us to capture the moment and provide a quality product. Last years event is still on-line
